

"Children, heart of our world"

Can you talk to your child about sex?

Parents are the primary sex educators of their children. When given the information and tools, they can be instrumental in providing critical messages to their children that can help them abstain from sexual intercourse and avoid HIV, sexually transmitted disease, and early pregnancy.

Sturgis Youth and Family in partnership with
the Branch-Hillsdale-St. Joseph Community Health Agency
is sponsoring a

90 minute **FREE** parent education workshop for
PARENTS OF MIDDLE SCHOOL STUDENTS called
"Talk Early, Talk Often"

This workshop is geared for all parents of 6th, 7th and 8th grade students. Parents will learn ways to open the door to conversation about abstinence and sexuality; recognize and use teachable moments to communicate important facts and values; have the opportunity to practice answering difficult questions; and listen and respond with greater confidence and skill.
