Michigan Community Dental Clinics, Inc. (MCDC), in cooperation with the Branch-Hillsdale-St. Joseph Community Health Agency, provides quality, compassionate services for adults and children in need of affordable dental care through its Three Rivers office.

In addition, MCDC and Branch-Hillsdale-St. Joseph Community Health Agency are pleased to announce their new Dental Clinic venture in Hillsdale, Michigan. This clinic opened for operations in March 2011, and is part of the MCDC Dental Clinic System.

The target populations for both clinics are adults and children on Medicaid (including Healthy Kids Dental and MIChild), as well as low income, uninsured individuals whose income is below 200% of the Federal poverty level.

Non-Medicaid, uninsured clients are offered a reduced fee schedule equivalent to the Delta Dental PPO rates. In order for the uninsured to participate in this plan, they must enroll in the Michigan Community Dental Plan and pay a \$50 non-refundable fee, by calling our Contact Center at 877-313-6232, or by completing an application that can be obtained on MCDC's website at www.midental.org. This fee entitles them to an oral examination, x-rays, treatment plan and reduced rates for all treatment.

All individuals must first register as a patient for dental services by calling our Contact Center at 877-313-6232.
